ESSEX LAND ROVER CLUB

Membership Application Form

General

Land Rover Enthusiasts in and around Essex formed the Club in July 1983. It became a Limited Company in June 1987. The aims of the Club are briefly to promote events for Land Rovers, to encourage the use of these vehicles and their equipment for both practical and competitive applications.

Informal Off-road driving practice and caravan / camping weekends are also held from time to time.

The club has a ROVER RESCUE section whose purpose is to assist the emergency authorities during times when they may need additional four-wheel drive vehicles.

A newsletter is issued bi-monthly:- to keep members in touch with coming events, publish results, advertisements, to entertain and inform. Discounts on motor spares are arranged where possible.

Several of our members deal in new and used Land Rovers and parts, and can offer technical advice as well as those hard-to-get components, especially for older vehicles.

The Club is a member of the Association of Land Rover Clubs (ALRC), and is a registered Motor Club with the RAC Motor Sports Association, which provides a National Voice for motor sport, as well as insurance coverage during competitive events.

The club is affiliated to the Green Lane Associations (GLASS) and promotes the sensible and sustained use of byways.

Processing of Membership.

Membership applications are processed and membership fee **cheques** are cashed monthly.

Introduction packs containing membership cards, Introduction Booklet, car stickers and fee receipt **may not** be received for **four to six** weeks.

Membership Fees. (See below for classifications)

Individual Member	£25.00 per year / £12.50 per half year.
Family Membership (N.B. Children & additional are free)	£30.00 per year / £15.00 per half year.
If joining January - June:-	Full years subscription expiring next December
If joining July - September:-	Half years subscription expiring next December
If joining October - December:-	Full years subs expiring December following year.

Classification of Membership

Individual Membership – only the named individual is considered to be the (primary member) of the club, and able to enjoy such benefits as that may provide, e.g. drive.

Family Membership – an additional person (secondary member) at the same address as the individual member, both members are considered full members of the club, and are able to enjoy such benefits as that may provide.

Added to this grade of membership can be any number of dependents (partner and/or children) who are not eligible to drive at events, e.g. non-drivers.

Additional family member – A member eligible to compete, e.g. drive or passenger, who is a dependent of the individual member, such as a young adult in full time education, resident at the same address as the primary family member, or their previous partner.

Recognition of Family Members and Date of birth so as to enable all children, spouses and non drivers i.e. dependents, to camp at ALRC events, and have insurance cover, the names of all family members registered with ELRC will be listed on the primary member's card. Date of birth is required for under 18 year olds.
